# STANDARDS DIVISION

## DEPARTMENT OF TRADE AND COMMERCE

### REPORT

FISCAL YEAR ENDED MARCH 31, 1950

The Standards Division of the Department of Trade and Commerce administers The Electricity and Fluid Exportation Act, The Electricity Inspection Act, The Gas Inspection Act, The Weights and Measures Act, The Precious Metals Marking Act, and The National Trade Mark and True Labelling Act.

#### ELECTRICITY AND FLUID EXPORTATION ACT

The number of kilowatt hours of electrical energy produced for export during the fiscal year 1949-50 was 1,791,346,780, a decrease of 99,266,381 from the previous year. The number of kilowatt hours produced for use in Canada by the exporting companies was 6,814,247,565, as compared with 4,262,646,800 during the previous year.

Export duty collected was \$431,895.38 in 1949-50, against \$435,866.70 for the previous year. A revision of licence fees resulted in a drop of revenue of \$225.00.

Two licences to export woodpulp suspended in water were granted. One licence to export surplus natural gas was renewed.

A licence was granted to Interprovincial Pipe Line Company to construct the Edmonton-Superior pipe line, and one licence for the export of oil was approved.

#### ELECTRICITY INSPECTION ACT

Inspectors of the Electricity Inspection Service control the types of electricity meters used throughout Canada, and test and stamp all meters used for billing purposes. The number of electricity meters tested during the past year was 749,624, a decrease of 8,935 as compared with the year before. There were 294,838 new meters tested, an increase of 22,714 over last year. The total number of meters in use in Canada on March 31, 1950 was approximately 3,188,089, an increase of 215,364 over the previous year.

#### GAS INSPECTION ACT

This Act, administered jointly with The Electricity Inspection Act, provides for the stamping of all gas meters used for billing purposes, and the testing of the calorific power of the manufactured gas sold throughout Canada. The total number of gas meters tested during the past year was 190,336, a decrease of 11,318 from last year. There were 32,799 new meters tested, an increase of 8,865 over last year. The total number of gas meters in use on March 31, 1950 was 849,688, an increase of 17,363 over the previous year. There were 2,896 calorific tests made throughout the Dominion, and the average heating value was found to be 493.18 B.T.U.'s per cubic foot. (The standard required is 450 B.T.U.'s per cubic foot).

Revenue under both Acts totalled \$655,780.50 in 1949-50, compared to \$660,809.10 in the previous year. Expenditures, exclusive of allowances for depreciation of equipment, and accommodation and related services, which are furnished by Public Works Department, were \$463,227.61 in 1949-50 against \$458,481.79 in 1948-49.

#### WEIGHTS AND MEASURES ACT

Inspectors of the Weights and Measures Inspection Service test and approve all weighing and measuring equipment used in trade in Canada.

During the past year, this inspection staff travelled a total of 737,893 miles on inspection work, calling at 141,168 stores or other places of business, where they inspected 447,197 pieces of equipment. This included inspection of counter scales, dormant or heavy duty scales, truck scales, railway track scales and gasoline pumps; calibration of tank trucks; and other work pertaining to equipment used for purposes of trade in Canada; 178,434 certificates were issued.

The test truck, equipped with 1,000-lb. weights for testing heavy duty scales, operated during the fiscal year in nine inspection divisions. This truck travelled 11,975 miles and was used to inspect 1,008 scales with capacities ranging from 10,000 lbs. to 62,000 lbs. This modern test unit is a great improvement over previous methods, as it is possible to position concentrated or heavy test loads by this method. The truck also offers better facilities for testing scales to capacity.

Fifty-five thousand nine hundred and five prepackaged articles were checked, of which 35,083 were correct, 12,357 overweight, and 8,465 short-weight. Casual short-weight inspections of scales showed that 2,186 premises were visited and 5,498 scales checked. This checking resulted in 737 warnings being issued, and 4 prosecutions all being upheld.

Revenue totalled \$472,282 in 1949-50, compared to \$464,626 in 1948-49. Expenditures, exclusive of allowances for depreciation of equipment, and accommodation and related services furnished by Public Works Department, were \$512,539, against \$510,308. The deficit picture is due in the main to the high cost of travel, the high cost of hired vehicles and trucks, and the proportion of time which is spent on short-weight and unjust scale inspections, which are non-revenue producing.

#### STANDARDS LABORATORY

The Standards Laboratory is an important adjunct to the field inspection work. The main laboratory is located at Ottawa, but a smaller subsidiary Electricity and Gas Laboratory is located at Winnipeg.

For the Electricity and Gas Inspection Services, the Laboratory maintains the local inspection standards used by the inspectors in the field, continually checking and calibrating them for accuracy. It also makes tests of new electrical apparatus, used in the commercial measurement of electricity, for the purpose of approving it for use in Canada. By Order-in-Council of August 17, 1948, the administrative powers, duties and functions formerly held by National Research Council respecting the approval of meters and other electrical gear used for the measurement of electricity for sale were transferred to the Director of the Standards Division.

For the Weights and Measures Inspection Service, the Laboratory maintains the local standards used by inspectors in the field. These working standards are sent to the Laboratory for the purpose of comparing them with the depart-

mental standards and making any corrections necessary. It also tests all new weighing and measuring devices which have been submitted to the Department for listing as approved trade devices.

At specified periods, arrangements are made to compare the departmental standards with the Dominion standards.

In addition, the Laboratory assists in devising new methods and procedures for the field inspection work.

The Laboratory also continues to serve industrial and commercial companies by checking and calibrating any of their electrical instruments, weights, measures, etc. which they care to submit for certification.

### PRECIOUS METALS MARKING ACT

Canadian production of gold, silver, gold-plated and silver-plated articles was worth approximately \$49,000,000 for the year. The Act allows a manufacturer to apply permissible marks of quality, without government supervision, and consequently there is the necessity for constant inspection. The stocks of retail and manufacturing establishments are examined to see that the quality marks are applied in accordance with the Act, and that trade marks applied in conjunction with quality marks are duly registered in Canada. Tests are also made of gold and silver articles to ensure that the precious metal content is not below the required minimum.

Further, in conjunction with the Department of National Revenue, shipments of precious metals articles coming into Canada are checked, to ensure compliance with the Act. In this way, the subsequent sale or distribution of articles stamped otherwise than in accordance with the Act is eliminated.

### NATIONAL TRADE MARK AND TRUE LABELLING ACT

The "Canada Standard" trade mark has been applied only to Babcock test bottles. The graduation of these bottles and application of the national mark is done by the Laboratory. Only two labelling regulations are in effect, covering hosiery and fur garments. Preliminary investigations are under way in other fields.

## APPENDIX A

For purposes of inspection under the Electricity Inspection Act and the Gas Inspection Act the provinces of the Dominion have been divided into the following districts:—

DISTRICT—	DISTRICT COMPOSED OF—
Charlottetown, P.E.I.....	Province of Prince Edward Island.
Halifax.....	Province of Nova Scotia.
Saint John, N.B.....	Province of New Brunswick.
Quebec, P.Q.....	Counties of Beauce, Bellechasse, Bonaventure, Charlevoix, Chicoutimi, Dorchester, Gaspé, Kamouraska, Lac St. Jean, Lévis, L'Islet, Lotbinière, Matane, Mégantic, Montmagny, Montmorency, Portneuf, Quebec, Rimouski, Saguenay, Temiscouata and the Magdalen Islands.
Three Rivers, P.Q.....	Counties of Arthabaska, Berthier, Champlain, Joliette, Maskinongé, Nicolet, Richelieu, St-Maurice, Yamaska.
Montreal, P.Q.....	Counties of Beauharnois, Bagot, Chambly, Châteauguay, Drummond, Huntingdon, Iberville, Jacques Cartier, Laprairie, Laval, L'Assomption, Missisquoi, Montcalm, Napierville, Rouville, St. Hyacinthe, Hochelaga, St. Johns, Terrebonne, Verchères, Brome, Compton, Frontenac, Richmond, Shefford, Sherbrooke, Stanstead and Wolfe.
Ottawa, Ont.....	That part of the Judicial District of Nipissing lying south and east of and including the townships of Ballantyne, Wilks, Pentland, Boyd, and Cameron, the Counties of Carleton, Dundas, Glengarry, Lanark, Prescott, Grenville, Renfrew, Russell, Stormont in the Province of Ontario, and Argenteuil, Two Mountains, Labelle, Pontiac, Soulanges, Vaudreuil and Wright in the Province of Quebec.
Belleville, Ont.....	Counties of Addington, Durham, Frontenac, Haliburton, Hastings, Leeds, Lennox, Northumberland, Peterborough, Prince Edward, Victoria and Ontario.
Toronto, Ont.....	Judicial Districts of Muskoka, Parry Sound, and the Counties of Dufferin, Grey, Peel, Simcoe, Wellington and York.
Hamilton, Ont.....	Counties of Brant, Haldimand, Halton, Lincoln, Norfolk, Waterloo, Welland and Wentworth.
London, Ont.....	Counties of Bruce, Elgin, Essex, Huron, Kent, Lambton, Middlesex, Oxford and Perth.
Sudbury, Ont.....	Judicial Districts of Algoma, Manitoulin, Sudbury and Temiskaming and part of the Judicial District of Nipissing lying north and west of the townships of Ballantyne, Wilks, Pentland, Boyd and Cameron.
Fort William, Ont.....	Judicial Districts of Kenora, Rainy River and Thunder Bay.
Winnipeg, Man.....	Province of Manitoba.
Regina, Sask.....	Province of Saskatchewan.
Calgary, Alta.....	All that part of the Province of Alberta lying south of the northerly boundary of township No. 37.
Edmonton, Alta.....	All that part of the Province of Alberta north of the northerly boundary of township No. 37.
Nelson, B.C.....	That part of the mainland of the Province of British Columbia lying east of the 120th Meridian, excluding the Okanagan Valley.
Vancouver, B.C.....	That part of the mainland of the Province of British Columbia lying west and north of the 120th Meridian, all Islands (other than Vancouver Island), Yukon Territory, and the Okanagan Valley.
Victoria, B.C.....	Island of Vancouver.

## APPENDIX B

## APPENDIX G—Concluded

LIST of Companies Supplying Natural Gas Registered During the Fiscal Year  
Ending March 31, 1950

District	Company	Location	Number of Meters
Saint John—Con.	New Brunswick Oilfields Ltd.....	Moncton.....	
	Total number of meters in the District of Saint John.....		6,512
Winnipeg	Northern Gas Distributors Ltd.....	Kamsack.....	50
	Unity Gas Supply Company Ltd.....	Regina— Serving: Unity.....	398
	Total number of meters in the District of Winnipeg.....		448
	Grand Total.....		239,448

## APPENDIX H

LIST of Companies Supplying Acetylene, Oxygen, Butane and Propane  
Registered During Fiscal Year Ending March 31, 1950

Calgary	Lion Oils Limited (Propane).....	Calgary, Alberta.....	
	Western Propane Ltd. (Propane).....	Calgary, Alberta.....	
Edmonton	Luna Gas Limited (Propane).....	Edmonton, Alberta.....	
Halifax	Blu-Flame Gas Co., Ltd. (Propane).....	Sydney, N.S.....	
	Saint John Propane Gas Co., Ltd. (Propane).....	Saint John, N.B.....	
Hamilton	Canadian Liquid Air Co., Ltd. (Oxygen).....	Hamilton, Ont.....	4
London	Imperial Oil Company (Propane).....	Toronto, Ont.....	351
	Serving:	Counties of Waterloo, Oxford, Perth, Wellington, Brant, Huron, Middlesex.....	
Montreal	A. J. Catto (Propane).....	Dorval, P.Q.....	4
	Northern Appliances Limited.....	Outremont, P.Q.....	
Ottawa	The People's Gas Supply Co., Ltd. (Acetylene).....	Ottawa, Ont.....	1
Saint John	Saint John Propane Gas Co., Ltd. (Propane).....	Saint John, N.B.....	8
	Sumner Propane Gas Ltd. (Propane).....	Moncton, N.B.....	
Trois Rivières	Shawinigan Chemicals Ltd. (Acetylene).....	Shawinigan Falls, P.Q....	3
Toronto	Imperial Oil Company (Propane).....	Toronto, Ontario.....	
	Serving:	Carlton Place Dist....	74
		Maple District.....	3,391
		Peterborough Dist....	6
	The Petrolane Corporation Ltd. (Propane).....	Thornhill, Ont.....	
Winnipeg	Hugh Gas Ltd. (Propane).....	Regina, Sask.....	2
	L'Air Liquide Society (Oxygen).....	Montreal, P.Q.....	1
	Total number of meters.....		3,845

## APPENDIX M

## OFFICIAL LIST of Weights and Measures Districts in the Dominion of Canada, and the Territorial extent of each, with their respective District Inspectors.

OFFICIAL LIST of Weights and Measures Districts in the Dominion of Canada, and the Territorial extent of each, with their respective District Inspectors

HALIFAX.....To comprise the whole of the territory of the Province of Nova Scotia, including Cape Breton.

Head Office: Halifax, N.S.

District Inspector: A. A. Baird.

CHARLOTTETOWN.....To comprise the whole of Prince Edward Island.

Head Office: Charlottetown, P.E.I.

District Inspector: J. E. Trainor.

SAINT JOHN.....To comprise the whole of the territory of the Province of New Brunswick.

Head Office: Saint John, N.B.

District Inspector: W. F. Balcom.

QUEBEC.....To comprise the city of Québec and the counties of Beauce, Bellechasse, Bonaventure, Charlevoix, Chicoutimi, Dorchester, Gaspé North, Gaspé South, Kamouraska, Lévis, L'Islet, Lotbinière, Mégantic, Montmagny, Montmorency, Portneuf, Québec, Rimouski, Rivière du Loup, Témiscouata, Lake St. John, Roberval, Matapédia, Matane, Anticosti, and the Magdalen Islands, and all that portion of the province of Québec lying East of the Eastern boundary of the county of Chicoutimi.

Head Office: Québec, Que.

District Inspector: L. Brousseau.

TROIS-RIVIÈRES.....To comprise the city of Trois Rivières and the counties of Berthier, Champlain, Joliette, l'Assomption, Maskinongé, Montcalm, St. Maurice, Laviolette, Nicolet, Richelieu, Yamaska, and all that portion of Abitibi lying East of the Western boundary of the Municipality of Dollard and of a line drawn North and South to continue such Western boundary of Dollard.

Head Office: Trois Rivières, Que.

District Inspector: J. W. Scott.

SHERBROOKE.....To comprise the city of Sherbrooke and the counties of Brome, Compton, Missisquoi, Richmond, Shefford, Sherbrooke, Stanstead, Wolfe, Iberville, Drummond, Arthabaska and Frontenac.

Head Office: Sherbrooke, Que.

District Inspector: J. A. Bourgeois.

MONTREAL.....To comprise the city of Montréal and the counties of Argenteuil, Beauharnois, Chambly, Chateauguay, Hochelaga, Huntingdon, Jacques Cartier, Laval, Napierville, Laprairie, Soulanges, Terrebonne, Two Mountains, Vaudreuil, St. Johns, St. Hyacinthe, Verchères, Rouville and Bagot.

Head Office: Montreal, Que.

District Inspector: C. E. LeBlanc.

OTTAWA.....To comprise the city of Ottawa and the counties of Carleton, Lanark, Prescott, Renfrew, Russell, Glengarry, Stormont, Dundas and Grenville in the Province of Ontario, and the city of Hull and the counties of Pontiac, Gatineau, Papineau and Labelle in the Province of Quebec.

Head Office: Ottawa, Ont.

District Inspector: W. M. Winram.

BELLEVILLE.....To comprise the cities of Belleville, Kingston and Peterborough and the counties of Lennox, Leeds, Addington, Frontenac, Durham, Hastings, Northumberland, Peterborough, Prince Edward, Victoria and the provisional county of Haliburton.

Head Office: Belleville, Ont.

District Inspector: F. T. Hart.

TORONTO.....To comprise the city of Toronto, and the counties of Dufferin, Ontario, Peel, York, Grey and Simcoe, and the District of Muskoka.

Head Office: Toronto, Ont.

District Inspector: C. S. Phillips.

HAMILTON.....To comprise the cities of Hamilton, Guelph, Kitchener, St. Catharines, Welland and Niagara Falls, and the counties of Haldimand, Halton, Lincoln, Waterloo, Welland, Wellington and Wentworth.

## APPENDIX M—Concluded

OFFICIAL LIST of Weights and Measures Districts in the Dominion of Canada,  
and the Territorial extent of each, with their respective District Inspectors.

Head Office: Hamilton, Ont.  
District Inspector: L. F. Pannell.

LONDON.....To comprise the cities of London, Windsor, Chatham, Brantford, Sarnia, St. Thomas, Stratford, and Woodstock, and the counties of Bruce, Essex, Huron, Kent, Lambton, Perth, Brant, Elgin, Middlesex, Norfolk, and Oxford.

Head Office: London, Ont.  
District Inspector: H. G. W. Ashley.

SUDBURY.....To comprise the cities of Sudbury, Sault Ste. Marie, and North Bay, and the electoral districts of Nipissing, Temiskaming, Parry Sound, Cochrane, Algoma West, Algoma East, and all that portion of Port Arthur lying East of the Pic River in the Province of Ontario, and the county of Temiskaming and all that portion of Abitibi lying West of the Eastern boundary of the Municipality of Senneterre and of a line drawn North and South to continue such Eastern boundary of Senneterre.

Head Office: Sudbury, Ont.  
District Inspector: W. F. Miller.

FORT WILLIAM.....To comprise that area in Ontario West from the Pic River to the Manitoba boundary.

Head Office: Sudbury, Ont.  
District Inspector: A. F. Robertson.

WINNIPEG.....To comprise the Province of Manitoba.

Head Office: Winnipeg, Man.  
District Inspector: J. A. Burrows.

REGINA.....To comprise that portion of the Province of Saskatchewan lying to the South of the 51st. parallel of latitude.

Head Office: Regina, Sask.  
District Inspector: R. Marshall.

SASKATOON.....To comprise that portion of the Province of Saskatchewan lying to the North of the 51st. parallel of latitude.

Head Office: Saskatoon, Sask.  
District Inspector: W. G. Black.

CALGARY.....To comprise that portion of the Province of Alberta lying to the South of the 52nd. parallel of latitude.

Head Office, Calgary, Alta.  
District Inspector: R. Hinton.

EDMONTON.....To comprise that portion of the Province of Alberta lying to the North of the 52nd. parallel of latitude.

Head Office: Edmonton, Alta.  
District Inspector: C. Wampler.

VANCOUVER.....To comprise the whole of the Province of British Columbia.

Head Office: Vancouver, B.C.  
District Inspector: E. S. Butterfield.

General (Including Printing, Stationery, Office Equipment, Acquisition of Equipment, Dept. Truck, Telegrams, Telephone and Postage, etc.).....		15,739 94	
Laboratory (For calibration of Weights and Measures).....			2,287 80
Post-Office Department (Salaries and Expenses included in District Totals).....			2,500 00
Regional Engineer's Travel Expenses for W. & M. Act.....		58 64	
Fines and Penalties.....			170 00
Payments Deferred—1948-49.....			1,610 70
Gross Revenue—Total.....			474,025 58
Less Refunds.....			
Less: Inspection Fees Billed and not Collected by end of Fiscal Year 1949-50.....			1,573 40
Net Total.....		512,539 74	472,452 18

## APPENDIX V

TESTS completed by the Weights and Measures Section of the Laboratory  
April 1, 1949, to March 31, 1950

*Verification Tests for Commercial Firms:*

	Items
Weights (miscellaneous denominations).....	228
Test measures (volume).....	10
Calibration of glassware (Babcock Test).....	42,933

*Verification Tests for Standards Division:*

	Items
Working Standards for laboratory.....	102
50-lb. cast iron weights for laboratory.....	26
1,000-lb. weights for heavy duty test equipment.....	14
Inspectors' kit weights.....	1,495
Inspector's steel weights.....	518
Dairy weights.....	112
Decimal weights (bushel).....	54
Grain weights.....	131
5-lb. bell weights.....	4
Capacity, test measures.....	68
Yard sticks.....	11
50-gallon test tank.....	1

Besides the above 26 new devices were subjected to the necessary approval tests.

Considerable work was also carried out designing and manufacturing a new type of portable Kit for Inspectors in the field.

WORK completed by the Electricity and Gas Section of the Standards Laboratory during the period April 1, 1949 to March 31, 1950.

*Verification of Standards for the Field*

Rotating Standards.....	176
Wattmeters.....	63
Ammeters.....	22
Voltmeters.....	25

*Verification of Instruments for Commercial Companies*

Rotating Standards.....	65
Wattmeters.....	14
Ammeters.....	4
Voltmeters.....	11

*Equipment Tested for Approval of Type*

Meters and Transformers.....	58
------------------------------	----

*New Equipment Tested Prior to Distribution to the Field or for Use in the Laboratory*

Precision Current Transformers.....	12
Wattmeters.....	6
Ammeters.....	9
Rotating Standards.....	8

APPENDIX W

Precious Metals Marking Act

Calls made on retailers and manufacturers.....	4,239
Assays and Tests made.....	295
Calls made at Customs.....	980
Advertisements checked.....	3,950
Warnings issued.....	54
Licences issued to date for use of National Marks.....	199
Prosecutions.....	0

Regulations Respecting the Labelling of Fur Garments

Calls made on retailers and manufacturers.....	1,115
Garments inspected.....	62,496
Labels corrected.....	3,119
Warnings issued.....	377
Advertisements checked.....	8,713
Warnings issued.....	797
Prosecutions.....	2
